Yes		79.55%	35
No		2.27%	1
Unsure at this time		18.18%	8
If no or unsure, please specify why (optional)		0.00%	0
TOTAL			44

#	IF NO OR UNSURE, PLEASE SPECIFY WHY (OPTIONAL)	DATE
	There are no responses.	

Q4 What would be your preference for a virtual conference?

Answered: 43 Skipped: 1

ANSWER CHOICES	RESPONSES	
One (1) four-hour conference session	62.79%	27
Two (2) four-hour conference sessions	37.21%	16
TOTAL		43

Q5 Please share any specific concerns you have regarding attending an in person conference in 2021.

Answered: 33 Skipped: 11

2021 Northwest Patient Safety Conference Interest Survey

#	RESPONSES	DATE
1	My concerns would be sitting inside with a large group of people, in air that is likely recycled.	9/3/2020 10:13 AM
2	Depends on the COVID-19 infection rates at the time. In person attendance will depend upon a multiple of factors including appropriate mask and social distancing.	8/24/2020 3:43 PM
3	I believe that given the current uncontrolled spread of Covid-19, that we have no assurance that an in-person group conference would be wise, particularly early in the year.	8/24/2020 8:46 AM
4	As long as we have active COVID-19 large gatherings are not acceptable.	8/21/2020 8:32 AM
5	None	8/20/2020 2:43 PM
6	Still being socially distant and requiring of masks, etc.	8/19/2020 6:34 PM
7	That appropriate PPE is required by all attendees	8/19/2020 9:22 AM
8	I would love to attend in person. I am only unsure as attending in-person is a decision that my organization would have to make based on COVID circumstances at the time and based on budget. Our budget has been heavily restricted so it will depend what is approved and supported in the budget for 2021. If our COVID environment has not changed substantially based on any timeframe next year, my ability to attend would likely not be supported by my organization.	8/19/2020 8:50 AM
9	Development of a vaccine; COVID under control - schools and communities out of lockdown	8/19/2020 7:57 AM
10	We don't typically attend as a participant for this conference, but have attended as a speaker (Bryan Sexton).	8/19/2020 7:42 AM
11	I do not think we will be any safer at that time than we are now.	8/18/2020 8:48 PM
12	Too much uncertainty right now for in-person conference planning. Suggest playing it safe with a virtual event.	8/18/2020 7:50 PM
13	It is the uncertainty of being able to attend in person due to the pandemic. The pandemic may last longer than one year.	8/18/2020 7:16 PM
14	Mask Restrictions enforced based on increased or sustained political posturing or other communication barriers that inhibit learning/sharing science based discussions	8/18/2020 5:48 PM
15	We may need to still socially distance and mask, ect so the venue would need to accommodate.	8/18/2020 5:23 PM
16	We don't know where we will be regarding COVID-19	8/18/2020 4:50 PM
17	Covid numbers	8/18/2020 4:34 PM
18	Meeting / networking in person is better. However safety is important factor.	8/18/2020 4:32 PM
19	It's too early to know where our city/county/state/nation will be related to Covid and progress toward containment and a reliable vaccine. We hope for continued state leadership, and who knows what will be after the election, if we make it there. Too many unknowns right now. Covid is not going away. That much we know.	8/18/2020 4:15 PM
20	Accessibility and accommodations for those who need to take breaks from having masks on	8/18/2020 3:36 PM
21	Currently if we travel to a "hot spot" we have to then not come to work for 2 weeks per our EH department. Would just prefer an online version of the conference for 2021.	8/18/2020 3:29 PM
22	If social distancing is still necessary that enrollment is limited to permit. Smaller group sessions versus large auditoriums	8/18/2020 3:26 PM
23	I'm afraid it's just too uncertain to know what will happen or if I'd be interested in either a virtual or in person session. I'd prefer an in-person session without COVID risk...but I know that's likely not in the cards.	8/18/2020 3:18 PM
24	Given the history of the pandemic response to date, I am reluctant to commit to anything. It would seem to me that a Fall 2021 Conference should be safe, but I think the next 6 months will provide clarity. I understand the need for planning and reserving a location. I would prefer an in person versus virtual conference but would not want to commit to attending at this point.	8/18/2020 3:18 PM

2021 Northwest Patient Safety Conference Interest Survey

25	My attendance will depend on the current situation with the virus.	8/18/2020 3:15 PM
26	no concerns	8/18/2020 3:11 PM
27	There's too much uncertainty with thee pandemic. If we are still in a pandemic in 2021, an in-person conference even with face covering and social covering sounds reckless and unnecessary. May be this is an opportunity for WPSC to adapt virtual methods and innovate.	8/18/2020 3:11 PM
28	Too much uncertainty at this point regarding where we'll be with the coronavirus	8/18/2020 3:04 PM
29	Timing with other events	8/18/2020 3:03 PM
30	social distancing	8/18/2020 2:58 PM
31	We are not able to predict COVID prevelance or impact well enough yet to plan for in person attendance.	8/18/2020 2:56 PM
32	the rate of covid in the community at the time	8/18/2020 2:54 PM
33	Uncertainty about COVID exposure	8/18/2020 2:54 PM

Q6 Please share any additional comments that could help us make our decision

Answered: 13 Skipped: 31

#	RESPONSES	DATE
1	None	8/24/2020 3:43 PM
2	Additionally, many companies have curtailed expenses for travel due to Covid-19, and all have become accustomed to virtual meetings.	8/24/2020 8:46 AM
3	Virtual saves time and money, it's a viable option	8/21/2020 8:32 AM
4	Conditions could change.	8/20/2020 2:43 PM
5	none	8/19/2020 9:22 AM
6	I wish I could foretell the future as I would love to attend this event in person.	8/19/2020 8:50 AM
7	I have attended the Patient Safety conferences for at least 8 years and I enjoy the conference immensely. I would rather have a virtual conference than having to cancel another conference. Thank you!	8/18/2020 7:16 PM
8	.	8/18/2020 4:34 PM
9	Do what feels right for you all. Whatever your gut instinct is, follow that.	8/18/2020 3:36 PM
10	There are still creative ways we can network and have some fun through video/virtual, so I'd prefer that!	8/18/2020 3:29 PM
11	virtual conferences have worked for other organizations	8/18/2020 2:58 PM
12	Virtual meetings and conferences are becoming much more common, and acceptable. I see it as a viable option.	8/18/2020 2:56 PM
13	how many attendees and the distancing in the room. perhaps there are opportunities for outdoor meetings?	8/18/2020 2:54 PM
