Project Name:	Addressing Stigma Bias
Chair Person:	Anita Sulaiman
Committee Members:	Jessica Martinson, LuAnn Chen and Anita Sulaiman
Purpose: Stigma and Bias	
<p>The workgroup will work with the BREE Collaborative, to implement existing recommendations already developed by BREE and raise awareness of the following issues:</p> <ul style="list-style-type: none"> -LGBTQ Healthcare specifically related to access and equity - Stigma surrounding Behavioral Health specifically the following: Suicide Care and Opioid Use Disorder <p>Language is important Should not skip over race</p>	
Performance Gap:	
<p>Disparity found between current situation and intended situation</p> <ul style="list-style-type: none"> - Stigma and lack of training serve as barriers to consistent high-quality medical care and increase health disparities for certain communities of people 	

Project Definition	
Goals/Aim:	<p><i>What are we trying to accomplish? Make sure your goal is- Specific, Measurable, Achievable, Relevant, Time-bound</i></p> <p><i>We will create an awareness campaign about how stigma bias for the LGBTQ community limits access and equitable healthcare by December 2020.</i></p> <p><i>We will create an awareness campaign surrounding the importance of behavioral health integration with regards to opioid use disorder by December 2020.</i></p> <p><i>We will create a training module that providers can use to address their own biases towards the people within the LGBTQ Community and those with opioid use disorder and provide appropriate strategies to overcome biases by December 2020.</i></p>
Scope:	<p><i>Please indicate the work you see as being included in the project and the work you see as being outside of this project.</i></p> <p>Within Scope: <i>Creating Trainings and Guidelines for Implementation Hosting Educational Webinars Disseminating information to organizations Finding experts in the field to help create training and educational webinars Determine webinar series topics Write or help find authors for blog posts Creating evaluation about behavior change post webinar Disseminate Assessments to see what work/knowledge is already out there</i></p> <p>Outside of Scope:</p>

	<p><i>Training Implementation</i> <i>Determination of increased participation in treatment</i></p>
<p>Process:</p>	<p><i>Think about what activities, decisions and actions will need to be taken from the first meeting on to reach the project goal. Also think about who will need to own those actions and how they will be accomplished</i></p> <p>See- ___ Document</p>
<p>Deliverables:</p>	<p><i>What will this group produce based on stated goals and scope?</i></p> <ul style="list-style-type: none"> 1) Awareness campaigns to include: Webinars A Podcast Blog Posts Flyers? 2) Training Modules Powerpoint? Implementation Guide? 3) Assessment Implementation
